

REACH confirmation according to EU Regulation (EC) 1907/2006

Herewith we confirm that all substances subject to registration that are contained in our products have been pre-registered at the relevant Agency (ECHA) by us or our suppliers.

☒ Our products do **not** contain substances of the current "Candidate List" SVHC (**25 February 2026 / 253 substances**) more than 0.1% per homogeneous product component.

☐ Our products contain substances more than 0.1% per homogeneous product component of the "Candidate List" SVHC.

We will send you as soon as possible a list of all products which contain substances of this list with substance / proportion and give you the safety specifications sheet.
